What is Dual Credit?

Dual credit makes it possible for you, if you're in grade 11 or 12, to get a jump-start on your post-secondary education. Take college courses and receive credits toward both high school graduation and your future post-secondary credential.

As a dual credit student, you can enjoy access to tuition-free post-secondary courses, a supported transition, increased confidence, and a clear path to your future.

Future-Proof Your Career

78%
of job openings will require a post-secondary education over the next decade.

Being a dual credit student means you're **7% more likely to graduate on time and 16% more likely to transition to post-secondary** immediately after high school graduation – giving you a jump start on earning that post-secondary credential.

Ready to Get Started?

Want to learn more about academic dual credit? Connect with your high school counsellor or reach out to the Regional Transitions Coordinator at College of the Rockies:

2026 / 2027

ACADEMIC DUAL CREDIT

COLLEGE OF THE ROCKIES

Benefits
of becoming a Dual Credit student at College of the Rockies

WHY YOU'LL LOVE IT:

- **Stand out:** Be a College of the Rockies student from day one.
- **Explore new interests:** Take courses not offered at your high school.
- **Prepare early:** Get a jump on your college or university education and lighten your first-year course load.
- **Get support:** Ease the transition to post-secondary with small classes and personalized attention.
- **Network:** Connect with college students, faculty, and industry professionals.
- **Get out of the classroom:** Take part in hands-on learning with field trips, labs, simulations, fieldwork, and more.
- **Find your passion:** Clarify your career path early.

WHY YOUR FAMILY WILL LOVE IT:

- **Low Cost:** Tuition is covered by your school or school district.
- **Pride in your accomplishments:** Participation can help you to become more academically successful.
- **Less reason to worry:** Make your transition to post-secondary smoother and more cost effective.
- **Watch you explore and grow:** Enhanced learning opportunities to stimulate your academic interest and skills.
- **Confidence in your future:** Improved post-secondary and career prospects.
- **University head-start:** College courses transfer and count toward university degrees.
