Hello Parkland Middle School Families,

Since Spring Break, our staff and students have been incredibly busy. Depending on homeroom classes, and availability, grade 7 and 8 students have begun the process of course selection for the next school year. Some groups have not yet had the opportunity to meet with Ms. Tyson or Mrs. Drydale, but their time is coming very shortly. Please ensure that your learner has returned the signed version of the course selection sheet to the school. As every student at Parkland Middle School remains a minor, we request your signed permission for course selection prior to allowing students to select their preferred courses.

Now that your learner, has been actively involved in online course selection, all students are able to access their own Communicating Student Learning reports. As a parent/family, if you have been unable to access your learner's report cards, please ask your learner. All PMS students have complete access to their My Education Account. This account includes course selection and report cards.

To login in: using Pam Drydale

sd5stu-pdrydale

As I am the only Pam Drydale in the district, I do not have a number following my name. If your learner is a multiple first initial and common last name, they will know. If you are having difficulty accessing your learner's information, please have them use the direct link to their district portal page. They will then access the My Education button and follow their instructions. If your learner cannot remember their password, they should remember the answer to their security question. This will prompt them to reset their password.
