

School District No. 5 (Southeast Kootenay)

POSITION: TEACHER OF STUDENT LEARNING AND TECHNOLOGY

SCOPE AND PURPOSE:

The District Teacher of Student Learning and Technology works collaboratively with school staffs to support effective and transformative instruction to create learning environments that are both engaging and personalized for student learning.

DUTIES AND RESPONSIBILITIES:

Specific to the District Teacher of Student Learning and Technology, the teacher is expected to:

- Work with teachers to support student learning and enhance student engagement through instructional practices such as inquiry learning, project-based learning, problem-based learning, technology etc.
- Integrate the use of technology to adapt curriculum, programs, and instruction to meet the diverse needs of students and support an effective learning environment
- Work with the District Principal of Transformative Learning and Technology with initiatives and in-service opportunities such as electronic portfolios, portal development, web-page design, etc.
- Communicate effectively and work cooperatively with students, district and school staff
- Participate in District initiatives and work with related PLC groups
- Remain current on the developments in technology to facilitate learning;
- Work with student information systems at the school and district level
- Work to further develop programs connected to the District's learning and technology plan
- Provide support for any Provincial and District level assessments
- Other duties as assigned
